

CAYAS Presents:
Cyber safe Kids, Cyber Savvy Teens

Presented by: Nancy Willard of the Center for Safe and Responsible Internet

Join Nancy Willard of the Center for Safe and Responsible Internet Use, for a workshop on cyber-safety, libraries and online interactions. This workshop will give librarians and library staff from all different backgrounds an in-depth look at the online world of teens and children, and how they can utilize this knowledge in their daily interactions with those who use their libraries. Specific topics include: social networking safety, cyber bullying and youth at risk in online interactions. In today's increasingly wired library, these skills are becoming more and more necessary for any professional who works with teens and children.

Nancy Willard is the author of two books, Cyber bullying and Cyber threats, and Cyber-savvy Teens. She is the executive director of the Center for Safe and Responsible Internet Use in Oregon. Nancy has researched internet use and techniques thoroughly and provided countless educational workshops for parents and other adults who work with teens. Visit her website at www.csriu.org
